JURY TRIAL DEMANDED

**DEFENDANT MICROCHIP TECHNOLOGY INC.'S UNOPPOSED MOTION FOR
LEAVE TO AMEND ITS PRELIMINARY INVALIDITY CONTENTIONS**

Defendant Microchip Technology Inc. respectfully submits this unopposed request for leave to amend its preliminary invalidity contentions. Pursuant to the Court's Scheduling Order (Dkt. 43), Microchip served its preliminary invalidity contentions on July 16, 2020. On July 10, 2020—just six days before preliminary contentions were due—Microchip received over 3,300 pages of prior art documents from a third-party identified in the course of a diligent search for prior art. Microchip identified and produced these documents to Plaintiff in connection with its preliminary invalidity contentions, but was unable to complete review of the documents prior to serving its preliminary invalidity contentions. Microchip promptly amended its preliminary invalidity contentions based on these recently received documents and provided Plaintiff with a copy of its amended preliminary invalidity contentions on July 30, 2020. Plaintiff confirmed on August 5, 2020 that it does not oppose this request for leave.

Accordingly, Microchip respectfully requests the Court grant this request for leave and enter the Proposed Order submitted herewith.

Dated: August 6, 2020

Respectfully submitted,
